IoT Edge Computing Solutions Foundation

This Pathway contains a list of existing Edge Computing Solutions - both proprietary and open source.

Tags

IoT Edge Computing Solutions

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Edge Security Foundation

This Pathway is an introduction to the best practices and design principles for secured Edge devices.

Tags

Edge Security

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Edge Protocols Foundation

This is a Pathway on protocols used by the Edge systems.

Tags

Edge Protocols

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

IoT Edge Architecture Foundation

This is a Pathway about how components make up a reference architecture to build an Edge Computing device.

Tags

IoT Edge Computing Architecture

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Edge Computing in Enterprises

This Pathway covers the concept of Edge Computing and explains how enterprise customers leverage this technology along with a few use case examples.

Tags

Edge Computing in Enterprises

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Edge Analytics Overview

This Pathway gives an overview of using Edge Analytics for data collection and analysis for performing automated analytical computation on user data.

Tags

Edge Analytics

Earning Criteria

Completion

Introduction to Deployment of Edge Microservices

This Pathway gives an overview of Edge Microservices, which are generally deployed as a set of service instances for high throughput and availability.

Tags

Deployment of Edge Microservices

Earning Criteria

Completion

This badge was issued to
AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Edge Event Driven Data Management Overview

Event-Driven Data Management enables consistency in business transactions across multiple microservices and implement queries to retrieve data from those services.

Tags

Edge Event Driven Data Management

Earning Criteria

Completion

This badge was issued to
AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Introduction to Edge Network for Microservices

This Pathway introduces you to the concept of Edge Network and the basics of Microservices Architecture at Edge.

Tags

Building an Edge Network for Microservices Architecture

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Securing your Edge network traffic Overview

This Pathway outlines the basics of edge network traffic along with discussing the best practices in securing edge network traffic.

Tags

Securing Your Edge Network Traffic

Earning Criteria

Completion

This badge was issued to
AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Introduction to Edge Network Scaling

This Pathway outlines the concepts and techniques used in Edge Network scaling for creating agile and programmable network.

Tags

Scaling Your Edge Network Design

Earning Criteria

Completion

Introduction to Edge Software Development

This Pathway is designed to guide you through the basics of developing of software for edge computing applications.

Tags

Developing Software for Edge Computing Applications

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

This badge was issued to
AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

NFV and End-to-End Edge Orchestration Overview

This Pathway is about understanding the role of NFV and end-to-end service orchestration for setting up edge computing infrastructure.

Tags

NFV and End-To-End Service Orchestration in Edge Computing

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Introduction to Requirement Engineering

This Pathway is designed to help you learn what is Requirements Engineering for Edge Computing through relevant use cases.

Tags

Requirements Engineering for Edge Computing

Earning Criteria

Completion

Introduction to Development of Edge Compute Apps

This Pathway describes the methodology to be adopted for developing Edge Computing Applications.

Tags

Develop Edge Computing Applications - Create Your First Prototype

Earning Criteria

Completion

This badge was issued to
AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Edge Services Discovery Overview

This Pathway provides an overview of Edge Services Discovery.

Tags

Edge Services Discovery

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Introduction to Edge Content Delivery Networks

This Pathway provides a basic overview of Content Delivery Networks (CDN) in Edge Computing and the steps to build CDNs.

Tags

Building Edge Content Delivery Networks

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Building Edge Microservices Overview

This Pathway explains how Edge Microservices interact using an Inter-Process Communication Mechanism.

Tags

Building Edge Microservices

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Introduction to Edge Microservices

This Pathway gives an introduction to Edge Microservices.

Tags

Introduction to Edge Microservices

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Introduction to Building Hybrid Edge Networks

This Pathway aims to give an overview of Hybrid Cloud Architecture and elements of Edge Network.

Tags

Building a Hybrid Edge Network

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Introduction to E2C and C2E Network

This Pathway is designed to help you learn the primary building blocks of setting up an Edge to Cloud and a Cloud to Edge Network.

Tags

Building an Edge to Cloud and Cloud to Edge Network

Earning Criteria

Completion

Introduction to E2E & E2C Network

This Pathway provides an overview of Edge to Edge (E2E), Edge to Cloud (E2C) Networking Communication along with basic elements of Cloud Edge Data Centers.

Tags

Edge to Edge & Edge to Cloud Networking and Communication

Earning Criteria

Completion

This badge was issued to
AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

This badge was issued to
AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Introduction to IEEE Software Standards

This Pathway gives an overview of the globally recognized standards for Software Engineering as defined by the Institute of Electrical and Electronics Engineers (IEEE).

Tags

IEEE Standards for Software Engineering

Earning Criteria

Completion

This badge was issued to

AMBRISH KUMAR CHOUBEY

Acquired On: **2026-03-11**

- Issued on 2026-03-11
- Issued to AMBRISH KUMAR CHOUBEY

Introduction to Consumer IoT Use Cases

This Pathway describes some of the products from Indian companies using Edge Computation in their products.
